

JOYRIDER CODE OF CONDUCT AND SAFETY GUIDELINES

Wrrapd, Inc. -- JoyRider Independent Contractor Network (Logistics · JoyRider App) **Companion document** to the JoyRider Independent Contractor Agreement (the "**Services Agreement**")

Notice / legal address: 7901 4th Street N, Ste. 300, St. Petersburg, FL 33702-4399

This Code of Conduct and Safety Guidelines (the "**Code**") sets behavioral, safety, and professionalism expectations for JoyRider independent contractors who perform **logistics and final-mile delivery** using the **JoyRider App**. Gift wrapping is outside the JoyRider role. Legal terms governing compensation, custody of goods, intellectual property, confidentiality, App license, and dispute resolution are set forth in the Services Agreement and other Companion Documents. In the event of conflict, the Services Agreement controls on commercial and legal terms; this Code controls on day-to-day conduct standards unless Wrrapd publishes a more specific policy.

By signing, Contractor agrees to follow this Code and Wrrapd's published Platform / JoyRider App standards, as updated from time to time with notice via the JoyRider App, Platform, or email.

1. Professionalism and Respect

1.1 Treat wrapping-location contacts, Wrrapd personnel, giftees, and members of the public with courtesy and respect.

1.2 Maintain a clean, roadworthy vehicle and professional presentation when making deliveries.

1.3 Do not engage in discrimination, harassment, threats, abusive language, or any conduct that undermines safety or Wrrapd's reputation.

2. Safe Driving

2.1 Drive lawfully and safely at all times. Obey traffic laws, speed limits, and parking rules.

2.2 Do not drive under the influence of alcohol, drugs, or any impairing substance.

2.3 Do not use the JoyRider App in a way that distracts from safe driving; pull over before scanning or completing complex App tasks when required for safety.

3. JoyRider App, Scans, and Honesty

- 3.1 Use the **JoyRider App** as your primary tool for work windows, navigation aids, barcode scans, status updates, messages, and delivery proof. Keep the App reasonably up to date and do not share your login.
 - 3.2 Before leaving for the giftee, scan **every** expected barcode for that stop. Never fabricate scans, scan the wrong gift to conceal a miss, or misrepresent delivery completion. A wrong-route scan means check the label -- do not proceed on that stop.
 - 3.3 Capture required delivery proof (for example, a door scan and a photo) honestly and promptly.
 - 3.4 Do not use bots, scripts, or other unauthorized automation.
 - 3.5 If you accept a load and then will not deliver it, say so in the App immediately and stage every item for pickup. You have no right to keep goods for a pay dispute.
 - 3.6 Cancel an accepted window as soon as you know you cannot work, and no later than four (4) hours before start.
-

4. Custody and Care of Goods

- 4.1 Safeguard all packages, wraps, and flowers while in your possession. Do not leave them unsecured or visible in ways that invite theft when you can reasonably avoid it.
 - 4.2 Do not open finished wraps to read packing slips. The barcode scan reveals the address and flower pairing.
 - 4.3 Never use, consume, gift, sell, or keep customer merchandise or flowers for personal purposes.
 - 4.4 Report damage, shortage, suspected tampering, or loss to Wrrapd promptly per Platform instructions.
 - 4.5 Stage goods at the curb, wrapping entrance, or hub Wrrapd designates when Wrrapd demands return.
-

5. Customer and Wrapping-Location Interactions

- 5.1 Interact with giftees only as needed to complete delivery. Do not solicit personal contact information for non-delivery purposes. Do not enter a home.
 - 5.2 At wrapping-location handoffs, be punctual for agreed windows, be courteous, and do not pressure anyone to skip documentation or labeling.
 - 5.3 Do not discuss gift contents, who is gifting to whom, PO Box details, or Wrrapd methods with unauthorized persons.
-

6. Confidentiality and Privacy (Conduct Reminder)

- 6.1 Treat addresses, recipient names, barcode data, wrapping locations, PO Box / hub designations, and App screens as **strictly confidential**.
 - 6.2 Do not post delivery photos that identify a recipient or home in a way that discloses private information beyond what Wrrapd's proof process requires.
 - 6.3 Full legal confidentiality obligations appear in **Section 12 of the Services Agreement** and survive termination.
-

7. Brand, Social Media, and Public Statements

7.1 Do not use Wrrapd's name, logos, or marks in advertising or social media except as Wrrapd expressly authorizes.

7.2 Do not speak to the press as a representative of Wrrapd without prior written authorization.

8. Compliance and Cooperation

8.1 Comply with all applicable laws and with Wrrapd's onboarding, screening, license, vehicle-insurance, driving-abstract, and tax requirements.

8.2 Cooperate reasonably with Wrrapd investigations of quality, loss, safety, or customer complaints.

8.3 Respond to Wrrapd communications (including in-App notifications) within published timeframes when you have active or accepted windows. Submit next-week availability by **Friday 6:00 p.m. Eastern**. If you cannot work because of illness, bereavement, or emergency, notify Wrrapd **immediately** and make all packages available for backup pickup within two hours.

9. Prohibited Conduct (Non-Exhaustive)

The following may result in immediate suspension or removal from the Platform and termination of the Services Agreement:

- Discrimination, harassment, violence, or threats;
 - Unsafe or impaired driving;
 - Theft, conversion, detention of goods, or personal appropriation of customer merchandise;
 - Failed or fabricated scans or delivery proof;
 - Sharing JoyRider App credentials or allowing others to operate your account;
 - Opening finished wraps without authorization;
 - Silent no-show or repeated late cancels of accepted windows;
 - Unauthorized disclosure of customer, gift, or logistics information;
 - Circumventing the Platform or misusing the JoyRider App; or
 - Any conduct that materially harms customers or Wrrapd's reputation or operations.
-

10. Enforcement

10.1 Wrrapd may counsel, suspend, deactivate, or terminate access for violations of this Code or published Platform standards.

10.2 Performance thresholds may be published in orientation materials or the App and may change prospectively.

10.3 Nothing in this Code alters Contractor's independent-contractor status under the Services Agreement. Contractor must maintain legally required automobile insurance while performing the Services.

Electronic acceptance. This document is accepted electronically with the Services Agreement via **I Accept** in the Wrrapd onboarding Platform (ESIGN Act). No Company countersignature is required on the applicant's copy.
