

WrapRider Compensation Schedule

Do not paste this file onto wrrapd.com or the public apply landings.

Effective: 2026-09-22 until superseded in Command Center -> Finance -> Hourly rates.

Notice / legal address: 7901 4th Street N, Ste. 300, St. Petersburg, FL 33702-4399

1. Form of pay

Wrrapd pays WrapRiders an **hourly rate**. Wrrapd does **not** pay a per-order piece rate. Dollar amounts are published in Command Center and, once activated, in the WrapRider App. Amounts may differ by **ZIP code** (exact ZIP or 3-digit prefix). WrapRider has its own rate schedule.

2. ZIP lookup

For the contractor's home / assigned work ZIP: exact ZIP override, else 3-digit prefix override, else the WrapRider default.

3. Two clocks (one rate)

A WrapRider is engaged to wrap **and** deliver under a single **WrapRider hourly rate**.

3a. Wrapping hours -- pace, floor, fractional

Conversion: **twelve (12) finished gifts = one (1) paid hour**.

Paid wrapping hours for an accepted wrap window = the **greater of** one (1) hour or finished gifts ÷ 12 (fractional hours allowed).

Examples: 4 gifts -> 1 hour; 37 gifts -> 3 + 1/12 hours.

A gift is "finished" when wrapped to published standards, documented (live session and proof), labeled (including the delivery barcode), and ready for delivery.

3b. Delivery hours

Delivery hours accrue for accepted delivery windows actually commenced, with a **minimum of one (1) hour** per such window. There is **no** twelve-gifts pace on delivery hours.

4. Incentive compensation

From time to time -- especially in higher-demand periods -- Wrrapd may publish **discretionary incentive or bonus compensation**, including extra pay for wrapping above the twelve-gifts-per-hour pace, peak-period bonuses, or other incentives. Terms apply only for the stated period.

5. Materials (wrapping hours)

WrapRiders furnish, at their own expense: gift-wrapping paper, small boxes when needed, scissors, cutters, and tape, plus ordinary ribbon/tissue unless an order states that Wrrapd will supply a material.

Vehicle, fuel, and legally required automobile insurance are Contractor's responsibility for delivery hours.

6. Accrual and pay calendar

Pay follows Sections 3a-3b. Wrrapd pays on the then-published payout calendar (direct deposit). Wrrapd may offset or withhold for fraud, failed proof, skipped live session, failed scans, overpayment, no-show reassignment cost, or amounts the contractor owes Wrrapd.

A late cancel or silent no-show of an accepted window is unpaid.

7. Independent contractor

Contractors are not employees. Wrrapd does not withhold income or payroll taxes except as required by law and may issue Form 1099-NEC.

8. Changes

Wrrapd may update this Schedule prospectively by changing Command Center rates or publishing a revised Schedule in the WrapRider App. Material methodology changes (for example, returning to per-order pay) require notice via the app or email and apply only going forward.
